The Mercer County Prosecutor's Office of Victim Witness Advocacy is pleased to sponsor a resource fair commemorating Crime Victims' Rights Week 2017. This annual observance affords our office the opportunity to bring communities together and educate the public about victims' rights, protections and services.

The fair will provide an excellent opportunity for social service agencies, law enforcement, first responders, faith communities and other organizations to offer resources and information to victims of crime and community members. The event will also serve as a forum for agencies to network and make connections with one another.

This event is designed to inspire the community to work together and raise awareness of victims' rights. To address their needs, while sharing a message of hope and encouragement to empower crime victims. Please help support crime victims in Mercer County by participating in our information and resource fair on April 8, 2017.
